

**YOUR FIRST VISIT TO
PEDIATRIC DENTISTRY
and
ORTHODONTICS**

Pediatric Dentistry and Orthodontics
577 Oxford Street East
London, ON N5Y 3H9
Tel: (519) 679-6822

YOUR FIRST VISIT IS AN OPPORTUNITY FOR US TO GET TO KNOW YOU AND YOUR CHILD.

During our time together we will:

- Review the medical history, and discuss any health and behavior concerns you may have for your child and how it might impact dental care.
- Review the dental history
- Complete an extra-oral exam (including but not limited to general appearance, head, neck jaw lymph nodes, etc.)
- Create a chart specific to your child
- Take x-rays if possible, as required
- Dr. Weinberger will evaluate all of the information and provide you with his expert opinion
- Describe ways of providing the treatment
- Provide you with an estimate of the cost of treatment (without x-rays this estimate may vary)
- Review our privacy policy, office policy and consent forms
- Assist you in dealings with your insurance company
- Answer all of your questions
- Welcome your feedback

Our practice is a specialty practice. Just as a Dermatologist's or Surgeon's fees are higher than a Family Doctor's fees, Pediatric Dentist's fees are higher than a General Dentist's fees.

Dr. Weinberger has special training, education, experience, equipment and staff that allows him to offer treatments that most General Dentists cannot.

If at any time you have any questions, please ask our front desk.

We look forward to helping you help your child.
